

TECHNICAL DATA SHEET

QWIC ZYME

PRODUCT CODE: 25112

PRODUCT DESCRIPTION: This product is designed to clean drains using biological action to break down food wastes, greases, and other organic matter. This will deprive the odor causing bacteria of their food source and no allow them to grow and produce obnoxious odors. Use indoors and outdoors. DO not allow coming in contact with food or food products.

DIRECTIONS:

Drains must be flowing before use to allow Qwic Zyme to come in contact with the whole drain. First add luke warm water to ensure that there is an ideal temperature of the Qwic Zyme to work. Add Qwic Zyme at a rate of 1 quart per 25 cubic foot. If drain volume is unknown, add enough to ensure that that trap is full of Qwic Zyme. Let stand over night before running anything down the drain. For best results a regular program by adding Qwic Zyme every week is best.

WARNING: Avoid all contact with open wounds. Do not allow to freeze. Do not store at temperatures above 120° F. Keep out of the reach of children. Use eye, face, and hand protection when handling. Keep container closed when not in use.

EMERGENCY FIRST AID: EYES: Immediately flush with large amounts of water for at least 15 minutes, lifting upper and lower lids occasionally. If irritation persists, get medical attention.

SKIN: Immediately flush exposed area with soap and water for at least 15 minutes. If irritation develops, get medical attention. **INHALATION:** Remove individual to fresh air and avoid breathing the mist from product. If breathing problems develop, get immediate medical attention.

INGESTION: Watch victim for any signs of illness, induce vomiting only if advised by a physician.

COMPOUND, CLEANING, LIQUID (not regulated by DOT / IMO) NFPA/HMIS: Health - 0, Flammability - 0, Reactivity - 1, Protective Equipment – B
